

Susan I. Metatos

February 20, 1955 - June 10, 2024

Conway, SC

Mrs. Susanne Ferranti Metatos

Susanne passed away peacefully at home with her husband Bill and daughter Kimmy by her side, after gracefully yet fiercely battling pancreatic cancer. She is a champion of the will we all possess when faced with life's challenges. She will be remembered as a source of strength for all that knew her.

She joins her parents, John Ferranti and Cecile Baillargeon and Danielle Metatos in Heaven and will look over her husband Bill, daughters Kimmy and Tamara, grandchildren Jared and EllaMae, great-grandson Patrick, and siblings Diane, John, and Jeff for many years to come.

Her life of service as a Director of Nursing started after her graduation from Baystate Medical Center School of Nursing. She worked in local hospitals and agencies serving patients across all ages and had a particular passion for working elderly patients in need of care and compassion.

Goldfinch Funeral Home, Conway Chapel, is serving the family and no local services are planned.

Please sign the online guest register at www.goldfinchfuneralhome.com

“ I am fortunate to be Sue's little brother. From my earliest memory of her playing "Green Tambourine" on the little 45 record player to her final visit to New England to see her family, she was truly a great big sister. Rest in peace Sue and send me musical signs of your life spirit from beyond whenever you want.
