“ *Sue was always such a gracious host. I remember the tea party she hosted for Amanda before her wedding to Nate. Sue was always so kind to myself and my children anytime we were around her. I know her family will miss her deeply but I am so grateful that she always treated us as an extension of her family. She was always warm and loving. Thank you for sharing her with us.*

“ Sue and I met at a mutual friends' pirate themed 9th birthday. Because of our last names we shared a locker or were next to each other through Jr High and High School. She was 6 inches taller but never looked down on me or anyone else. She studied at U of O, was a mother, grandmother, social worker, and the first to volunteer to help wherever she went! Sue always had a smile for everyone! She was active in 4H growing up and continued to love knitting and other crafts throughout her life! One year she knit a hat for every child in my classroom...34 students! She took such joy in helping others! We were on the Speech Team in High School and won our debate, so we got to go to Hawaii to support the U of O/U of H outreach program to get Speech teams into Hawaiian schools. We might have bought matching bikinis...lol! Sue and I stayed in touch throughout our lives. Although she will be missed on Earth....Heaven is a better place with her there! My deepest condolences to her 3 sons and their families, Michael, her wonderful sisters and their families, and all that knew and loved her dearly.

“ I want to thank every single person from Surfside Baptist Church that had spent their time visiting with Sue! It is soooo very much appreciated! Thankyou soooo much for all your help taking care of her and sitting with her, making sure that she was comfortable and not lonely when Daddy and us, Northern family could not be with her. It met sooo much to her. It means alot to me. It was a hard decision to make. But, she had the Best care there at Angel Oak and You guys just made the decision that much easier. You, her Church Family, are The Greatest! Thankyou Pastor Nathan for running over at the last moment and Ellen for all the updates! God Bless you all!

“ You fought a long hard Battle with all your Strength. Just look at all the lives that you helped along the way. You were one of the 1st at Hopkins with Dr Wiggly. To think how far and all that you overcame and proved wrong was remarkable! Now, you get to Rest in Peace. Snuggle with your Zoey! Catch up with your Mama and Daddy. Please do one thing for me tho, Please make sure that my Maddie-Girl, Hazel-Mae, Molly and all my future Pups, make it to the front of the line to meet me 1st. I miss them horribly. XO
