Teddy taught me so much when I first became a nurse. He helped so many of us learn life saving measures in ACLS,PALS,CPR. He tested me the first time I took ACLS. You will be missed my friend. You were an awesome teacher to so many. GO rest high on that mountain, your work here is done. I will be praying for your family.

“ *Teddy used to insist on driving us to Florence for paramedic school. We had a lot of fun together and managed to save a few lives. He was very smart and an excellent photographer. He took a lot of ribbing and teasing, especially from Avery, Duerwood and Pop but characteristically always with a smile. I never saw a bad side of Teddy. He was always cheerful and an all around great person. The world is a lot poorer for his leaving to go home but God knows what a good one he has in Teddy and just couldn't wait any longer. End of watch buddy. God bless you and your family. -Bob Harper* ”

He never hesitated to take the time to answer my questions. We would always visit when he worked at Loris ICU. I will miss him. Until we meet again my friend.*

“ Teddy was one of my mentors over the years. I met him at one of
my state boards long ago. He was a great boss, colleague, and all-
around friend to everyone. He was about as laid back country as
they came. It took a lot to make him really mad. I will truly miss him.
Rest easy brother - we'll take it from here!!! We've got your six.

He gave a great foundation to so, so many of us... my EMTI instructor and one of my incredible Paramedic instructors and training supervisor during my time at HCEMS.

You left quite a mark on this world Teddy! Thank you for sharing your wisdom and humor with us... for teaching us that sometimes the best thing, the only thing you can give a patient is TLC. Rest easy... 🥺🙏💕
