“ To Tommy's family, We just learned today of Tommy's passing. I see everyone here called him Tom, but he will forever be Tommy to all of us from Anderson Motor Company. Tommy called me (Deb) a month or so ago and told me that he was dying, Tommy had always kept in touch over the years after (after he left our employment years ago). What I most remember about Tommy, was his eagerness to please people, his wacky sense of humor, his sharp wit and gentle spirit (unless you made him mad). One funny memory that I have of him, he had the most beautiful blond hair that he wore LONG when he was working for us, one day someone came in and Tommy had on a pair of blue jeans and shirt, he had his back to them, and (whoever it was) was going to go and talk to the girl with the beautiful blond hair (Tommy was really slender at that time and from behind could have passed for a woman). We all had a good laugh about that. He will be greatly missed by family and friends. In our last conversation we spoke about salvation and being prepared to die and he assured me that he was "in good standing". May GOD give every one who was blessed to be a part of his life the peace that passes all understanding in your time of grief. “ To my brother Tom Last night at your service when the preacher said when i say Tom you say: We said Brother-hood, When Ed and I said it at the same time I knew you were there. We are your blood but the club you had represent you we know they are your Brothers also. Tom I have had you in my life for 24 years and I am the closest you will have to a real sister. The respect you have shown me even when you pissed me off I always knew you loved me for me. You are a true friend, brother, father and son. We will miss you and you will never be forgotten you know how Mike feels about Fallen Angels. It is ironic how those words were the last that were read by your Brothers and sisters of a different blood. You my Brother i will always have in my heart and soul. When you say Tom I say: Vans, Motorcycles, Snap on tools, My nieces and my great nieces, Motorcycle clubs, Parties, The Army, The Blues, Family always Family, Big heart, kind, loyal and most of all you were always a forgiving Man. So I say To you Peace out my Brother I will see you on the DARK SIDE OF THE MOON. I will be the blue eyed Bitch you love so much. You and Mom have your time now this is how it was meant to be. We Mike Beldock, Shawn Beldock and Ed Heivilin would like to Thank The Hells Angels, Motor Headzz MC, and all who were there in the end you showed him the Respect he deserved.
