“ *I became friends with Tim in high school. His breezy, easy-going attitude was a healing contrast to my adolescent angst. In many ways, he got me through my high school years and the lessons I learned from him have lasted throughout my life. I wish I had been able to give him proper thanks for this legacy.*

“ Tim was always an up beat guy, I don't believe there was a time when I saw him that he wasn't enjoying the space that he was in. Missed when he and Angela moved but never forgotten. I'm sure he's up there serving the Lord his special wine.

“ I met Tim well over 30 years ago in the insurance industry. Tim was always a pleasure to do business with. He never played the games that others did in the industry and was very easy to do business with. It didn't take long at all to become friends and realize we had so many things in common which included cars, food and wine. Tim was always a happy positive person. Always full of good advice which helped me to finalize my decision to move to SC for my retirement. I will definitely miss our conversations. Till we meet again.....
