“ Losing a loved one requires much comfort and support. I would like to offer my sympathies for your loss. I have learned that much strength is to be gained by turning to God's word the bible during moments such as these. The scriptures really provide a hope for a future when death will be swallowed up forever! Isaiah 25:8 and all our mourning will come to an end Isaiah 60:20. I have learned to no longer be ignorant towards those who are sleeping in death 1Thes. 4:13, but now have the hope towards the resurrection for all in their memorial tombs according to John 5:28,29 and Acts 24:15. These bible texts have given me the wonderful hope of being reunited with my loved ones who have fallen asleep in death. May you too gain this hope! These verses confirm that God never wanted mankind to die, rather as Psalms 37:29; Isaiah 45:18; and Genesis 1:26 states, he desires the earth to be possessed forever by us. Daniel 2:44 lets us know that we will be able to enjoy these many blessing by means of God's kingdom government. It will be by means of this government that we can enjoy life that way God intended. Life without end at last! Please read these texts from your own copy of the bible and be encouraged.##imported-begin##Freda##imported-end##
