“ I have had a hard time wanting to say something here – needing to – but I have felt so broken and lost without her – going to text or call her and catching myself. Tonya was more than one of my best friends, she was my “soul sister” as we called ourselves, she was my family. There are no words to express how much she meant to me and my family. I will miss her more than words. I will miss our adventures, laughs, and talks. She was a mermaid not just a fish – a rare find – ready to dance, go with the flow or take life by storm. Family, friends, Music, Disney, backyard barbecues, evening boat rides, camping, travel and this crazy world were all huge parts of her and who she was. Her greatest loves and joy were Bryce and Bobby – A wonderful human! Her mom was her best friend and her hero – and it showed. The world will not be the same without her in it! I will cherish our times together and miss her everyday!

“ Tonya and I worked together at Project Seahawk many years ago and most recently on the Outbound Enforcement Team. She was excited to be on a new team that was outside of her normal area of expertise. She was only with us on this new assignment for a few months, but she arrived at work every day eager to contribute and dedicated to learning a new skill set. The best memories of all though, involved the early birthday parties that my family attended at her home when her son Bryce and my daughter who were only a few months apart in age. During these celebrations, I enjoyed talking with her husband Bobby who always made you feel welcome in his home. Tonya’s kindness and sense of humor will be missed.

So sad to hear of Tonya's passing. I worked with her in Schiphol Airport Amsterdam. Tonya was very dedicated to her work but outside that we had great fun, and also when she visited my home town Dublin Ireland. Great memories. Rest in Peace Tonya.

“ *Very sad news. Bobby: my deepest condolences. Tonya and I worked together for CBP way back in the early 2000s. I enjoyed working with her very much; I liked her sense of humor and her desire to learn. She invited me to your house to have a shrimp boil with you two -- and taught this Buffalo guy how to pronounce "shrimp boil" correctly!*

“ Tonya, you’ve left us too soon. I first met Tonya when I came to Charleston and she welcomed me right away. It was apparent that Tonya was a kind soul and we had a great time in and out of the office. She introduced me to millionaires bacon and she taught me all about the magic of Disney. Fortunately, I had the privilege of meeting her family when they took me out on their boat and we had a great summer day on the water. Tonya made sure I always felt included. She invited me to girls nights and most importantly she showed me kindness. Bobby and Bryce I’m thinking of you, she talked about you both all the time. She loved you both so much! Thank you for sharing her with all of us. I’ll miss you Tonya, your friend always,
