“ Grandma Val, Victoria, William, and myself will miss you more than you know. You were an amazing great grandmother to the kids, and an even better Grandmother figure to me. Thank you for taking me and Victoria in and treating us no different from your grandchildren. I love you old lady 😊.

I loved Val and Charles. Val will always hold a special place in my heart. She gave freely with her love if she really liked you. Guess I made her loved list because she gave her time and love freely to me. She was my kind of person, a tell it like it is person. I'll always be thankful for having her in my life. She was a great person and I'm sure she will be missed by her family and friends.

“ I love all the conversations that we had. I miss spending time with you and talking with you. Wish I could have been there but I wasn't. I just want to remember the good times we had. Love you and miss you. Continue to watch over us.
