“ *The author, Morrie Schwartz, said that the most important thing in life is to learn how to give out love, and let it come in. In this regard, Aunt Vi was an expert second to none. I will remember so many things but especially her recent and regular phone calls to share her comforting thoughts and concern for my mother's illness despite the gravity of her own poor health. Although we could not spend nearly enough time together in this world, her loving example of kindness will always be with me. I love you Aunt Vi and wish you peace.* ###imported-begin###Karen Fanucci###imported-end##
