“ *My sister was the most beautiful, smartest and talented person I have ever known. I am so blessed to have shared in her life. I will miss her more than anything. I don't think she knew just how important she is to me. That's my fault. One I regret I didn't change and tell and show her just how important she was. I know she is in heaven rocking my baby girl. I love you forever sissy. Kyra Drew*

“*Toneaka was a wonderful woman, that loved her husband, boys, and grandchildren with a whole loving heart. She loved spending time with her family and always put others before herself. She was passionate in all things she did, she loved bingo and spending hours on the beach finding perfect shells. I looked up to her in all her struggles and challenges, she was a true fighter. She will be missed greatly and will always have a special place in my heart, as well as many others. I love you Toneaka.*

“*I was shocked and saddened to hear of Toneaka’s death. She was an amazing woman whose determination to be on the beach no matter the weather or her physical condition always inspired me. She was so friendly and never minded my interrupting her search to answer my questions or identify a shell for me. I would always look for her when I walked the beach and her presence is going to be missed greatly.*
My deepest sympathy and caring thoughts to her family,
Lynne Davis
