“ I remember Ted as one of my counselors at Mission Meadows. He was just the best. I decided back then that when I "grew up" I would also go to North Park...and somehow try and become a model for others like Ted. (I eventually did go to NP and later NPTS.) I hold a strong and precious memory of being at camp right before Ted was soon to go into the Air Force. The tradition at Mission Meadows back then was to have everyone sing, "The Lord Be with You Till We meet Again" as a formal closing to the week of camp. We all knew that Ted was not going to "come back" next summer. As a boy I saw the faces of the other staff members as they choked back tears trying to sing. I knew in that moment that I too would choose to serve Jesus' people with all that I had. I am saddened by Ted's too soon passing and pray for God's peace to be with his loved ones. Ted made a huge difference in my young life and I appreciated his vibrant faith.

“ *What a blessing to have known and loved Ted. We have so many wonderful memories of sharing our homes with each other, fun vacations, laughter, and wild family sporting contests! He could always make us laugh with his quick wit and his generosity was an example that we so admired. Ted's influence and love will live on through his loving, amazing children and grandchildren. Kay, we will always cherish the memory of the two of you holding hands wherever we went. How he loved you, your children, and those beautiful grandchildren. We pray for you Kay, that in time, God will heal your grieving heart and we pray for comfort for you all. We love you dearly!*

“ As a child I would visit and stay with the Hedin family. I have pages of memories to share but here are a few. Ted was my uncle and it was a treat to spend a weekend or a week with the entire family. As a child uncle Ted loved to make us laugh. He asked me at lunch one day if I wanted a half sandwich or a whole sandwich. He also asked me if I wanted a small or large glass of milk. I asked for a whole sandwich and a small glass of milk. He presented me with a sandwich that had a large "hole" in the middle and a tiny doll size glass of milk. I will never forget how fun he was. He was the first person to take me skiing along with my cousin Kari. Uncle Ted always interviewed me in a special chair during my visits and I remember feeling so important and like a movie star. It was the first time I saw myself on TV. I even slept over one Christmas with my family. Uncle Ted told us we had to get to bed immediately. He heard Santa was in the area. As we laid in bed, we heard Santa on the roof and even lots of movement noises so It must have been the reindeers ! Then we heard footsteps in the house and later bells outside. It was truly an amazing night. I will never forget my uncle Ted who brought magic into my life every time I visited.

My deepest sympathy to Aunt Kay, kari, Matt, Ryan and the entire family. Love you all, Erin McNeil (Bassett)
