“ *Something made me decide to check on Wayne being that I hadn't heard from him in sometime, only to hear he had passed. I have a heavy heart today and am extremely sorry for his family! Wayne was one of a kind. He was an amazing person and friend and I will miss him for the rest of my life. I remember when my son was 4 and I was a single dad Wayne would watch my son for me after working in the shop all day. He was glad to do it even made him happy to do it. He had a Nick name for me that I will never forget. He used to call me weasel lol and I was and am proud to have been able to know him! RIP my friend, you will most defiantly be missed!*

“ Wayne you will be missed by a lot of people. Sissy is at a loss and those 3 babies are having a really hard time also. But we will do all we can for them. The funniest thing, or may be 1 of the funniest things about Wayne for me even though I was very young and sissy came to pick me up to stay with them, well a bad storm came up. And when we were finally were able to get to their house, there he was sitting in the middle of the house in a rocking chair scared beyond belief. I know it really does not sound that funny but later in the yard we looked up at the sky and saw smoke well he thought it was a tornado. Just the expression on his face and him sitting in that rocking chair has been with me all these years. You will never have to be scared of storms anymore. I could go on and on because I spent so much time with them but I will stop. Just know and I know you do, it was not all bad. I love you and until we meet again my friend stay Garnet&Black! 😊
