“ It was always an adventure when hangin' with Billy. Although I can't even begin to list all of them, we packed a lot of great memories in a short amount of time in High School and summers in our early college years. Our prayers are with all of Billy's family and long list of friends. We lost a great one!

I will always hold that look in my heart as it is the true essence of who you are. I love you Billy. You will always hold a special place in my heart. Love Myrna.
