Dad loved Notre Dame Football and I wished he could have seen them win one more championship. My brother and I have always been big ND fans and would sit right along side dad and cheer them on when we were younger. I remember him being so "animated" during the games. He was always an armchair coach and quarterback. After we or he moved away, we would get on the cell phone and be texting away about the game. He and Jeffrey were the best buddies and now they are together gain. Life isn't the same without them. I love you Daddy and miss you so much already.

“ *In these days since Bill's passing we have been lifting your family in prayer. It is a difficult journey losing a loved one. From the first day Larry met Bill they became instant friends, as close as some brothers. Our time in Elkhart 4 doors down will always hold special memories. The times on the golf courses can never be erased as well as our times around the table fellowshiping. God bless you and your family with His Holy Spirit comfort and the peace of knowing we will all see him again on the other side.*

“ Bill & Mel. May your memories of your father comfort you at this time. “Pops” was a very special person and a wonderful friend to us. I can honestly say that I ALWAYS had a smile on my face after I spent time with him. It was my privilege to have know him. Rest In Peace Pops, I love you.
