“ I'm so sorry for your loss. Please accept my deepest sympathy. May you find comfort from your memories, as well as the comfort found in God's word the bible. Romans 5:12 says, "That is why, just as through one man (Adam) sin entered into the world and death through sin, and thus death spread to all men because they had all sinned." How loving of God to promise what is found at Revelation 21:4 which says, "And he will wipe out every tear from their eyes, and death will be no more, neither will mourning nor outcry nor pain be anymore. The former things have passed away.”

“ All I can say is it's the end of an era...What childhood memories! The little Texaco Gas station on Larkfield Rd, At Christmas, we used to get the Texaco trucks just like those Hess trucks you see now (I wish I had them today) Remember Tiger? The dog that would howl at the noon whistle in Centerport. I was also stung by about 25 bees at the pond across from that station....Fond memories of My Dad and Uncle Bill always working together & fixing things. Most of all, fond memories of the family get-togethers with Uncle Bill & Aunt Betty and Uncle Don & Aunt Lana and all the cousins. Those were the days!

Your Always in my heart Uncle Bill - Until we meet again

Love always, Ken Hennes and family

“ I have many many wonderful childhood memories of Uncle Bill. I vividly remember going with my Dad to your gas station and playing with Tiger. Donna and I would love to play in your office and play "office" and thought your old fashion calculator was so fun. I remember putting on plays downstairs in your house on Bark lane, and Jackie, Donna and I would put on silly plays and all the adults would watch and laugh and laugh. I remember you on all holiday's weather it was Christmas, New Years with the family including the "Scotch" side with Aunt Grace and Uncle Robert. I have fond memories of going out on your boat!!! Great memories, thank you for being a terrific Uncle. Will miss you, but glad no more suffering. May your rest in eternal peace. We will all see you when it is our calling. Love Tina XO

“ I will always cherish the memories I have of you as my big brother going back to the time mom and dad took us on vacation and we rode horses for the first time. I got kicked by my horse, your horse went into a ditch to eat apples and you could not get him to come out and Don fell off his horse. Dad finally had to walk all of the horses back and he called us his T.V. cowboys. Later in life I have a lot of memories when we worked together in the gas stations and driving our trucks. There are too many memories I have, to write about here but they will always be in my heart. You will be missed dearly. You and Don were the greatest brothers anyone could have had. I know that you, Don, and mom and dad are waiting for me and we will be together again.

Your little brother Ken Love you forever

As I walk down that aisle in February I know you as well as my other passed grandparents will be shining ur love down onto us and blessing out marriage

“ Uncle Bill, I vaguely remember the gas station, but played with my sisters across the street on a tree. I got stung by a wasp on my ear and ran across the street to the gas station. You and Dad took care of it within minutes..

You were very talented with woodworking. The canoe you built was beautiful. It's funny you use to buy marine parts from the company I work for..

Love,

“ So we are lucky that dad was able to be such a huge part of their lives. As
Dad's time in his shed became nill in the last few months. The Alzheimer's had taken away his gift and that upset him so. And us too.

But this first thing we all did this week after dad passed was to gravitate to his shed. Where we all could feel dad around each of us and that gave us comfort. The smells the tools the things that defined dad where all there for each of us to touch and hold And smell He was there too. There was a beautiful yellow butterfly flying around I know that was him

Dad was always everyone favorite uncle. Friend brother The cool guy. How could you not like him He had this way about him that just exuberated kindness.

So let's just take comfort in knowing that Dad was so loved by us all. That he has left his handprint on each of us that knew him and loved him.

God sped Dad.

Keep my memory

*Keep my memory with you,
For memories never die;
I will be there with you,
When you look across the sky.
I will be there in the clouds,
In the birds that fill the air;
In the beauty of a fragrant rose,
You will find my memory there.*

You will feel me in the tenderness,

*Of a tiny baby's touch;
You will hear me if you listen,
In the twilight's gentle hush.
When your hearts are heavy,
And you feel that you are alone;
Just reach down deep inside of you,
For your heart is now my home.*

*I will always be with you,
I will never go away;
For I will live on in your hearts,
Forever and a day.*

“ Good afternoon... I am Debbie Hennes. I am Bills daughter in law...I have been married to Bills son Bill for 28 years ..as we all,gather to celebrate dad's life. I just want to share with you some things about Dad that you may not know...dad was a gentle man a family guy ..i always said to my husband he reminds me of Clint Eastwood.. He never changed he always looked the same..age was good to him..that's a Hennes gene... Jackie says he has the body of a 40 year old we can only hope we all have that same gene.

Dad was a master mechanic who owned h 3 gas station in his hometown of Long island Ny He was a marine mechanic a truck driver he worked for,the LIRR He was a Neighbor uncle son brother husband father father in law and pop pop, but most importantly he was ours.

He shared his love of cars with my husband who also became a mechanic. That's was always a common bound between them and they could talk cars for hours. Jackie his daughter idolized her Dad. He had nicknames for his kids...calling bill bud and. Calling Jackie her kitten and gal. Now I hear my husband calling my son Billy bud..I see a lot of Dad in my husband..the way they walk and stand..I am thankful for Dad for giving me Bill. The last time we were here about a month age was most difficult. Dad gave bill his prize most cherished item his 66 ford truck that he has had since 1966' it was difficult for us to take it and more difficult for him to see it go. But he knew where it was suppose to end up and he was at peace with that. That truck will always be in our family and there will only be people called Bill that will be driving it. Cause there are 3 generations of bills.

When we would talk to Dad.. He would always is ask is everyone staying healthy up there?..his the weather. Nothing ever upset him his tone was always the same. Gentle and kind. you would share something with him and he would always respond..that's super.

Retired life for dad enabled him to become a master craftsman..wood working metal working he could fix and make anything you asked him. Just send me a picture he would say. He would spend hours in his shop tinkering around. And modifying anything and everything

Then grandchildren arrived. He was called Pop Pop or Pop by the kids. We have 2 children Jackie has 2 children and crista has 2 children. Dad had left his handprint on each of them.

In February his granddaughter Katie will be getting married and he so wanted to make it up north. Well he will in a different form.

I asked all the grandkids this morning to share there special memory their pop pop so I will share them with you. David now you can share our memories and yours with your future children

My daughter Katie said...I remember waiting for Pop Pop and Nanny to get to our house because they we're bring me gift. Dad made this one of kind doll house for her that collapsed when She was done playing With it. He showed me how all the doors opened and how the furniture could be placed. Nanny made the curtains. We played with that doll house for hours. I still have the dollhouse and now I get to share it with my children someday.

My son Billy..asked us to hold the phone to dad's ear just the other day. He wanted to thank him for teaching him how to ride a two wheeler. Dad was running along side of him billy begging him not to let go. Dad said ok bud I won't. Little did Billy know he already did. That's a huge milestone in a child's life and he is so thankful for that memory.

Joey and Tori have the same memory of Pop pop they remember building model boats in pops shed. Then they got to play with them in their pool. He taught them to shoot rifles and to enjoy the outdoors. Tori adored her pop. But how could you not.

Daniel the other day told me that his favorite thing about pop was that he got to make a train engine and he was holding the screw driver that they used to build it. cherish that tool Daniel

Joshua told me that he was so excited that pop taught him to work and use the wood saw. so who knows maybe now Joshua will carry on the wood making talent that his pop t
