“ *Charmaine,
We were deeply saddened to learn of Bill's passing. You were and remain great friends. Bob's memories include target shooting with Bill, visiting and discussing Playcard and generally reminiscing about Connecticut memories. You are in our thoughts and prayers.

Love you Uncle Bill. Your influence has helped shaped my entire life. I still remember the first car ride we took in back in Connecticut. We were in your Barracuda waiting on the side of the road for mom to catch up in her Bronco. You took off laying down rubber with that unique laugh you do. Have since built many a race car which led to a career with Mercedes-Benz.

You started me down the path of target shooting, much to my mothers dismay at the time. Gosh must of been 8 years old when you came to visit in New York and took me out back shooting. Told me to grab some old junky toy as we walked into the woods behind the house. You standing over me with your hands around mine as the shot up that old toy. Later in life you helped guide me into reloading. That has rippled into my now eldest son who set to graduate the Sheriff's academy soon.

While you may now rest eternal, you influence in this world shall life on.

Love always, your nephew David Randi
