“ *I was saddened to learn of Jack's death. Jack and I were boyhood friends and schoolmates in Loris long ago. I remember him well. Jack had a talent for music and enjoyed the band. He had a sense of humor as well. Quick to laugh, Jack was the life of the party. Jack was a popular guy and had many friends. In my memory, I can see him sitting on the picnic table in front of the Dairy Maid in Loris cracking jokes. We thought those days would never end. Even then, Jack loved animals. He had a German Shepherd that he trained to do tricks. In recent years I lost track of Jack, and I regret not making a greater effort to keep in touch. You always think you have plenty of time. I offer my sincere condolences to the family. The world is poorer for having lost Jack so young. Yours Respectfully, Wink Prince, LHS '68##imported-begin##Wink Prince##imported-end##*
